UPCOMING EXHIBITS

April 13 - September 3
Titanic: Unsinkable Passion - 100 Years of Memories
Join us as we recall stories and memories from the "unsinkable ship" through this exclusive exhibit about the RMS Titanic. It's been 100 years since the passenger liner struck an iceberg on her maiden voyage and sank, resulting in the deaths of more than 1500 people. View such artifacts as a deck chair from the Titanic, a Heart of the Ocean necklace from James Cameron's "Titanic", and more!

May 18 - September 3
Creepy Crawlies in XL
Get zapped and experience the life of a bug! This larger-than-life exhibit features oversized plants, caves, grass and bugs and teaches children about insects and how they are affected by their environment.
Created by Saugeen Conservation Authority and presented by 101.7 the One.

OPENS to the Public June 19
HMS General Hunter
During the bicentennial of the War of 1812, this exhibit tells the full story of the war, with a major focus on the British Warship HMS General Hunter, discovered on the Southampton beach. This exhibit features a replica of the battle ready working deck of the warship - including interactive cannon loading and firing, and square sail raising experiences.
Presented by OCAF, Ontario Power Generation and 98 the Beach
